AN ADVERTISEMENT BY D. DECKER

If we look back over the dusty pages of ancient history, we note that superstition, savagery and war was the predominant spirit of those in power. War was business and cruelty was amusement. In those centuries, little was produced but swords, helmets and instruments of torture.

As soon as tears began to take the place of blood, humanity and harmony began to grow in the place of cruelty and barbarism. Many centuries had passed before inventive thought, which was to add to the comforts of human life, took form, and it is only in the last four hundred years of the world's history that nature has whispered her secrets to inventive genius; and it is surprising how little was known for many centuries. Comparing time, it was only yesterday since it was discovered that the heart was a pump and the arteries rivers.

How much the ancients might have enjoyed had they employed the greatest inventions of the 19th and 20th centuries for progress and comfort, are the many uses to which gas and electricity have been applied. Almost the entire business of the world now depends upon these two agencies. The home is no longer complete without them. Only a few years since, the cities only enjoyed the pleasure and comfort of gas and electricity, but now wires run out to the country village, and in the East gas is pumped under pressure for cooking purposes to all the small towns, and no matter where you go you will see this sign:

AGED CELEBRITY TO WED MAIDEN

NEW YORK, Dec. 8.—Albert Brown Chandler, 70 years old, of Brooklyn, chairman of the board of directors of the Postal Telegraph company, obtained a license today to marry Miss Mildred Vivian, 35 years old.

Miss Vivian came to New York from Lexington, Mo., and met Mr. Chandler when she was an employee of the Postal Telegraph company. The date of the wedding was not announced, but it will be a quiet affair, attended only by relatives and friends.

Mr. Chandler has a record as a telegrapher during civil war times, was a close friend of the late Thomas T. Eckert and has been identified with the Postal Telegraph company continuously since its organization in 1884.

WOODROW WILSON IS FOR MARTINE

TRENTON, N. J., Dec. 8.—Woodrow Wilson, governor-elect of New Jersey, today signed a statement, declaring himself for the election of James E. Martine, Democrat, of Union county to the United States senate, to succeed John Kean, Jr.

Dr. Wilson, in equally positive terms, declares himself opposed to the election of ex-United States Senator James Smith Jr. For some time the governor elect has been conferring with Democratic members of the legislature and urging upon them the wisdom of electing Mr. Martine.

Dr. Wilson refrained from making any public statement, until now, hoping Mr. Smith would announce his retirement from the field. He called upon Mr. Smith at his home in Newark Tuesday night and urged him to retire, but it is understood Mr. Smith declined to do so.

WOLGAST WILL REST FOR WHILE

CADILLAC, Mich., Dec. 8.—Tom Jones, manager of Ad Wolgast, held a conference today with the champion and a physician. The physician took an X-ray picture of Wolgast's injured arm. This showed that the break was a few inches above the wrist and was knitting.

When Jones came from the office he said:

"Ad Wolgast is not going to fight anyone before the latter part of March. That is certain. Ten chances to one he will not fight before May. His arm is healing fine, but the dangerous part is not past."

"We have got to lay down now, but when Ad's arm is better we will meet them."

BOGOTA BUYS CAR LINE FROM AMERICANS

BOGOTA, Colombia, Dec. 8.—The final payment of \$375,000 was made by the Bogota city government today completing the transfer of the properties of the Bogota City Railway company, from the American owners.

The Americans built and operated the local lines under a concession received during the presidency of General Reis. Popular disapproval of the concession resulted last March in a successful boycott of the road and finally its sale to the municipality for \$300,000.

There have been no anti-American demonstrations recently.

NEW YORK, Dec. 8.—"There's a skunk in the restaurant over here with a gun; come get him."

The "skunk" was John C. Warner, a young engineer, of Highland, Conn., and somebody did "get him," for in the rioting during the expressmen's strike he was stabbed in the back one night and died of his wounds three days later. Tonight the police arrested Alfred Mule, on suspicion of his being the murderer.

The testimony accusing him came from James F. Mulligan, one of four prisoners arrested by the police yesterday, charged with being accessories.

NO TRUTH IN RUMOR.

PARIS, Dec. 8.—There was no truth in the rumor current last night that a well-known Frenchman had committed suicide. Some versions of the story associated the name of Count Boni De Casteline with the matter.

FATHER PLACES BABES ON STAND

ST. LOUIS, Dec. 8.—Austin Greaves brought to a climax the trial for his life today, when he placed his children, Goldie, aged 12, and John, aged 9, on the witness stand and drew from them by his questions a story of the neighborhood prosecution which he is seeking to show caused him to kill Alfred H. Hunter.

Greaves, a carpenter, continued to reject the assistance of the attorney provided by the court. The children testified they heard Hunter threaten their father.

Greaves took the stand in his own defense afterward. A juror asked him if he had the killing of Hunter in his mind when he left his home with a revolver. He denied that he had.

WAS MEMBER OF MAYBRAY GANG

BILLINGS, Dec. 8.—James Morand, whose real name is thought to be Frank Meyer, who is alleged to have been a member of the Maybray gang of swindlers which operated in Council Bluffs several years ago, was arrested in this city this afternoon, and is being held, awaiting instructions from the postal authorities.

It is said by the local man who recognized him and caused his arrest, that Morand, or Meyer, is the man who "steered" Banker McGrath, of Minneapolis, up against the Maybray gang, and was instrumental in relieving him of about \$10,000.

HOPE OF THE WHITE RACE

SAPULPA, Okla., Dec. 8.—Carl Morris, of this city, who is touted as the logical candidate for Jack Johnson's heavyweight laurels, will meet Marvin Hart, of Louisville, in a 15-round bout here December 15. Morris has been fighting less than three months. He formerly was a railroad fireman. When he began to train he weighed more than 300 pounds. He now scales about 240. In all his fighting he has won by the knockout route. His best blow is a right swing, which, it is said, travels with great speed.

Hart has not been in the ring for several months. He says, however, he is in good condition and will be able to give the latest "white man's hope" a thorough trial.

ALARMING REPORT FROM HONDURAS

WASHINGTON, Dec. 8.—In view of the alarming reports of an impending revolution in Honduras against the administration of President Davilla, the navy department has ordered the cruiser Tacoma to meet any possible emergency that might endanger Americans or American interests. The Tacoma left Cristobal today and probably will arrive in the Honduran port on Saturday.

It is said at the navy department that no official information has been received regarding the revolt, but the idea in sending Tacoma to Honduras was merely a precautionary measure.

EXPENDITURES OF THE REPUBLICANS

WASHINGTON, Dec. 8.—The Republican report of campaign contributions shows under the head of "Expenditures of Speakers" that Representative Duncan E. McKinley received \$1,000; A. C. Crankin, of Chicago, \$1,774; Rev. Dr. John Wesley Hill, of New York, \$2,250; and many other amounts between \$100 and \$500. In twelve districts the Republicans expended \$1,000 cash, losing six districts and winning six. One of the twelve districts was the Sixth Kansas.

The Democratic report shows \$500 in disbursements in Kansas, while \$200 was expended in Iowa, not including traveling expenses of speakers.

Of the amount contributed to the Republican cause, \$47,000 was cash on hand at the time of the publicity act was passed. The Democratic balance on hand then was \$13,258. The act requires a division of receipts showing contributions of \$100 or more and contributions in sums less than \$100.

In the former class the Republican report shows fifty-two items and the Democratic report, thirteen.

The largest individual contribution to the Republican funds were made by Representative William B. McKinley, which amounted to \$5,000.

A contribution of \$5,700 was received from the treasurer of the Union League club of Philadelphia. The Republican State committee of Louisiana contributed \$2,000. Former Secretary of the Treasury Leslie M. Shaw, as treasurer of the Manufacturers' club, of Philadelphia, \$1,620, and John Pitt, of Pittsburgh, \$1,000. The national committee gave \$887.

Only one member of President Taft's cabinet is shown to have contributed. Postmaster General Hitchcock gave \$500.

The Democratic side is represented by R. C. Keens, of St. Louis, ambassador to Austria-Hungary, who gave \$500, and David J. Hill, of Rochester, who gave \$100. Charles D. Norton, secretary to President Taft, contributed \$100. Senator Root made a contribution of \$500, his being the only name representative of the United States senate. From the sale of 215 text books, the Republican committee received \$107.

The Democratic report does not show any receipts from this source. The largest individual contribution to the Democratic fund is \$1,000 from W. C. Beer, of New York; Colonel A.

"PAY-AS-YOU-ENTER" CARS ARE WORKING

TORONTO, Ont., Dec. 8.—Operation of the newly installed pay-as-you-enter cars on the Toronto Street Railway company was continued today without further interference on the part of those who are said to object to the type of car used. Eight persons were arraigned for alleged participation in last night's disturbances, charged with disorderly conduct.

The railway officials state that the damage resulted largely from glass broken in many cars.

EXTEND PURE FOOD LAW TO TOBACCO

WASHINGTON, Dec. 8.—Senator Taylor, of Tennessee, introduced a bill today to extend the provisions of the National Pure Food law to tobacco in whatever form it may be offered for sale.

His bill is designed to prevent the mislabeling or misbranding of domestic tobacco so that they cannot be offered as imported stock; to prevent the adulteration of tobacco with any other substance; the treatment of tobacco with any poisonous or deleterious substances, or the offering of packages upon which the weight is not correctly stamped. The measure also seeks to prevent the substitution of any other grade or kind of tobacco in a box or package.
